### **If I Were a Mayor**

If I were a mayor, I would put the needs of others before mine.

A mayor is the leader of the municipal government. He gets elected by all people 18 years or older. Some of the duties the Mayor has to work on are being head of the local government and working with the city council and city commission to develop taxes and regulations.

If I were a mayor, I would hang up signs to help people donate to the needy people. With the money, I would buy food and give water for the poor people to live. I would help make the community better by making it fun, making safe parks and holding more carnivals. If people wanted jobs but they couldn't find any jobs I would make more jobs. I would build more roads and parking lots for more space. I would find ways to stop pollution so we can live in a cleaner and safer world. I would try to lower prices on items so we could build tennis courts, soccer fields and football fields. People could go out and have some fun when they are bored. I would provide equipment for jobs. I want to make more jobs. If I make more jobs, the people from the jobs can assist people faster. Also I would want to make homes for homeless people to live in. I would want to save endangered animals from becoming extinct. Before I do that I would make an animal shelter. That is what I would do if I were a mayor.
